Juarez and Give Them  
a Smoker.

TYPOGRAPHICAL union No. 278 held a special meeting Sunday afternoon in honor of J. W. Hays, secretary treasurer, and Hugo Miller, second vice president, of the international union at Union Labor hall.

Mr. Hays made a very impressive talk on conditions as he found them through the northwest. He also made a talk on the financial condition of the union.

There was an entertainment committee appointed to show the visitors the places of interest. They had an automobile ride to Mexico and saw the bull fight. The committee in charge were F. J. Schilling, C. C. Cox and Ygnacio Gaudara.

Mr. Hays and Mr. Miller will leave this afternoon for Memphis, Tenn. They expect to be back at headquarters by the middle of the month.

A HAPPY CHILD IN  
JUST A FEW HOURS

When Croup, Constipated or If Feverish Give "California Syrup of Figs" Then Don't Worry.

Mothers can rest easy after giving "California Syrup of Figs" because in a few hours all the clogged-up bowels move out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When croup, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what all your little one is full of cold, or a sore throat, diarrhea, stomachache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand held with contentment any other fig syrup.—Advertisement.

ELKS' CHIEF LIKES  
EL PASO, HE SAYS

**Grand Exalted Ruler Enjoys  
This as Any Other  
Place, He Declares at Smoker.**

Interpretation and its possibilities were the chief topics of discussion at the smoker given by the El Paso lodge of Elks, in honor of grand exalted ruler Edward Leach, Saturday night.

With a bit of an Irish brogue that he acquired while a lad in Boston, Mr. Leach spoke of his visit to Juarez and compared conditions across the river with those in the United States, greatly to the credit of the latter.

He assured the local lodge that he had come to El Paso not because it was on his route westward, but because he had designated this as a stopping place and wanted to come and meet the members of the El Paso lodge.

As proof of the esteem in which he held the members of the El Paso lodge, he appointed George Wallace, member of the judiciary committee of five and named Dr. G. H. Higgins as district attorney. Mr. Leach said he had enjoyed his visit to El Paso better than any stop he had made on his trip.

The party left Sunday for San Antonio.

Judge Dan M. Jackson told Mr. Leach that he could go home and tell the New Yorkers to go to bed and rest easy. Peyton Edwards and I am on the job," he declared.

George Wallace gave a biographical sketch of the grand exalted ruler, W. W. Bridges. He commented upon the fact that the integrity of the officers of the grand lodge of the order of Elks had never been questioned, and said that if Mexico had a few such officers as the Elks it would not be torn to dissection.

Mr. Harrison spoke of the work of the Elks and recited the poem of Abou Ben Adam.

Grand secretary Fred Robinson discussed the work of the past year and the prospects for the future for the army of 800,000 Elks throughout the country.

E. M. Dickerson, grand lecturer, knight, a member of the Tucson, Ariz., lodge, declared the beliefs of the Elks to be his religion.

Customs collector Zach Cobb made an appeal to the members of the El Paso lodge to attend the lodge of sorrow at the Christian church Sunday afternoon.

Clairborne Adams acted as toastmaster. A luncheon was served while an orchestra furnished music between the speeches. There were over 200 members of the local lodge in attendance at the meeting.

Some Heirlooms  
A Story of the Moment  
BY WALT MASON  
The Famous Prose Poet

"NOW and then," sighed the professor, "a poor man must deplore his poverty, however much of a philosopher he may be. This book I hold in my hands is a catalog of the books I'd give five years of my life to own any one of the treasures listed here, but my financial condition won't allow me to buy even the cheapest of them."

"I don't see why you want to buy old books," replied the low browed man "when you can go down to the bookstore and buy handsome illustrated volumes for fifty cents each. If they're too expensive, you can get first-rate paper bound novels at the railway news stand at fifteen cents. I can't imagine why anybody wants old books. My Aunt Julia had a volume two of three hundred years old. It was Milton's 'Paradise Lost,' and of the old book she was very fond. Old Milton's name was on the fly leaf, and I always considered it the worst handwriting I ever saw. I used to tell my Aunt Julia that the book needed most was a course at a business college, but she wouldn't listen to any criticism of that book."

"She said it was worth a thousand dollars, but I always thought she was joking. The old thing weighed 18 pounds, and the spelling reminded me of Josh Billings, and the illustrations looked as though they had been carved out with a knife. Well, the editor of the Intelligencer gave the book a write-up, and one of the big papers copied the story, and then a lot of old shrewd up cranks began dropping off the trains here, and inquiring their way to my Aunt's house. They were book fans of the worst kind. They seemed to know all there is to know about books, and every man jack of them gave Aunt Julia's treasured volume. They all agreed that it was the rarest fake they ever saw, and that \$3 would be a big price for it."

"If you had a genuine first edition of 'Paradise Lost,' with Milton's autograph, said one old delegate, it would be worth \$10,000, but this thing was made in Germany. You ought to be in jail," said he, for circulating such reports in the public prints."

"Then Aunt Julia broke a flower pot on the venerable head, and chased him a block and a half, and when she came back home, she said she didn't care anything for the opinions of old bookworms. She said the book was worth \$10,000, for the man who sold it to her was a deacon in her own church and took an active interest in the Y. M. C. A., and it stood to reason that he wouldn't deceive her. But I noticed that she tucked the old book away in a trunk and haven't seen it kicking around since."

It always sets my teeth on edge to see Doolittle working at that desk. His legs are of different lengths and the old thing wobbles around like a cradle. Cold Snap Necessitates Con-  
verting Locomotive Into  
Stationary Engine.

COLD weather during the past few days has made it necessary for the El Paso & Southwestern at El Paso to convert eastern division freight engine No. 277 into a stationary engine to furnish steam and heat for the round house and the blacksmith shop. At present there are only two stationary boilers working in the local power plant, which serve steam and power to the entire El Paso shops. The engine was finished yesterday and is now steaming in the power plant.

As a "safety first" precaution the El Paso & Southwestern system at El Paso, has installed an automatic safety bell at the crossing on Octavia street. It rings when a train is several blocks away and gives a powerful warning of approach. Local safety officials say more of the bells will be installed at the different crossings in the city limits.

W. R. Callender, a former passenger fireman for the El Paso division of the G. H., but who several months ago changed to the San Antonio division, has returned to San Antonio after a short visit to local friends.

L. Nalley, extra fireman for the Southern Pacific, is back on the local extra list after several months absence. J. J. Cisno, extra brakeman for the Southern Pacific, is back on the local extra list after several months absence.

Stokers are being installed on all of the stationary engines in the local power plant of the El Paso & Southwestern.

L. Harris, machinist in the El Paso shops of the El Paso & Southwestern system, is taking a 10 days' vacation at his home in the west.

D. J. Richards, apprentice in the local shops of the El Paso & Southwestern, has been transferred from the lathe to the slaughter marking and effective today. He takes apprentice Albert Hammond's place, who has been assigned to the floor gang with erecting foreman Mitchell.

## LUBBOCK-TEXICO EXTENSION

Austin, Tex., Dec. 8.—The Railroad commission has issued an order applying through rates on the Lubbock-Texico extension of the Pecos and Northern Texas railway. The commission held that this extension is sufficiently completed to perform the duties of a common carrier, and that freight and passengers are now being hauled over it, and accordingly it is placed under the rules and regulations governing common carriers in the state. It is claimed that this extension had been assigned to the floor gang with erecting foreman Mitchell. This order is effective December 12.

The Lydia Patterson institute, which was built by Millard Patterson as a memorial to his wife, has been completed and is now being used as a Bible school and day school for Mexican children. The school is located at the corner of Florence and Third streets and was erected at a cost of \$2,000.

The heating plant in the school building is of brick, two stories in height, has a heating plant and is furnished for the Mexican children. The school will probably be delivered to the Methodist Episcopal church, south, to be conducted as a part of its extension work.

The formal transfer has not yet been made, but Patterson has expressed his intention of giving it to the church.

TEN VACANT CHAIRS  
IN SORROW LODGE

Elks Hold Memorial Ser-  
vices For Departed  
Members Sunday.

In memory of the departed Elks of El Paso lodge No. 157, E. P. O. E., the annual "Lodge of Sorrow" was held Sunday afternoon at the First Christian church. The service was a stately one, and the musical selections, in their rich solemnity, added to the impressiveness of the occasion. The church was packed to the doors with the members of the lodge, their families and friends. Palms and ferns decorated the rostrum, each side of the platform being draped with large American flags. Elks' antlers, twined with green foliage, with alternate purple and white electric light bulbs at each prong, extended up on either side of the lectern.
